How many players are on a team?

Typically the ultimate number is between 8 and 10. Fewer than 8 and you risk not having enough players in the event of an injury or absent player. More than 10 and you have too many players standing around or sitting on the bench. Too many players will create stress on a coach with parents and players expecting equal playing time. This will lead to a decrease in team moral or resentment between the players.

How many nights do teams practice?

Teams will typically practice 2 nights per week with practice sessions scheduled for 2 hours. Players will be expected to attend all practices.

Where are practices held?

HAVC is currently utilizing several practice facilities at High Schools and Middle Schools across Harnett County.

How many teams will HAVC have?

What do I bring to a tournament?

Most players bring things to keep them comfortable...sleeping bag, blanket, pillow, iPod, cell phone, etc. You are going to be there a long time and you need to have some down time to rest. Parents should bring a comfortable chair, something to read, food for the players (so you do not have to run out looking for food) and a positive attitude for your daughter and her teammates.

Regional tournaments can be held basically anywhere in North Carolina. For the most part, the majority of tournaments will be between 1-2 hours away. Due to the growth of the sport, that is no longer guaranteed. A regional team may travel up to 4 hours away, possibly requiring a Friday drive and an overnight stay.
