

WISA Women's Team Camp Residential Camper Information

This information is important to your WISA experience at our residential camp, please read through it carefully. Many of the questions that you may have regarding camp are answered right here.

1. **THANK YOU** – For choosing WISA! With our many years of experience, we fully appreciate the concerns that a parent has in deciding who should be involved in the development and education of their children. If at any point you have a problem with any aspect of our program or any of our staff, we want to know about it. Please call our office and ask to speak to the Academy Director.

2. CAMPERS TIME AND PLACE OF ARRIVAL

Campers should arrive on the Sunday between **11:30am-1:30pm**. Once you reach the main entrance to the University, signs will be posted directing you to the registration/check-in location. Please have any outstanding payments and medical forms fully completed and ready to be handed in at check-in. When you have checked in, Residential Campers will be escorted to their rooms where Campers can settle their belongings and then proceed to the orientation area. The week begins with a brief orientation meeting and the introduction of the coaching staff. Parents are welcome to stay and watch. At this time, you may pass on any pertinent information concerning your child, to his/her coach for the week or pass on any medication to the athletic trainer.

The staff are responsible for medical care and must hold any medication presently prescribed to your son or daughter. Please send such medication with a doctor's order so that it may be dispensed correctly. The coaching staff and medical staff monitor every injury - however minor the injury might be. Even so, some players love camp so much they attempt to "hide" injuries so that they may continue to play. Parents are seldom fooled. If you gain any indication from a visit or a telephone call that your child is more injured or ill then they appear, please inform the staff.
