PLAYER PICK UP POLICY

CHARLOTTE INDEPENDENCE SOCCER CLUB PLAYER PICK-UP POLICY

CISC paid and volunteer coaches are required to stay at the field until the last player is picked up. This policy applies to all players from age 4-18 and is designed to ensure your child's safety.

Additionally, all coaches are prohibited from purposefully finding themselves in a position where they are alone with a child. Accordingly, it is important that parents and guardians arrange to drop-off and pick up their players on time. Coaches will ask the adult picking up the second to last child to remain at the field until the final player is picked up.

If a child is not picked up when the training or a game has ended, every effort will be made to contact parents via cell phone or home phone.

If the parent cannot be reached, coaches will be instructed to call 911 and notify law enforcement a child has been forgotten at training.
