

## Effective 9/1/2021

Welcome to the MSC where player safety rules the day.

That pesky Covid-19 virus is still running rampant in the community - Waukesha County is rated having very high case activity with an increasing caseload. We want to host events so that all the young athletes are able to [play volleyball and we want all our guests at the MSC to be safe. So we have adopted the following policies, incorporating guidance from the CDC and the Waukesha County Health Department:

- 1)** Fully Vaccinated guests do not need to wear a mask, but may do so at their discretion.
- 2)** Unvaccinated guests, aged 12 and above, are asked to wear a facemask to help protect themselves and others from the potential spread of this noxious virus. This includes players and spectators.
- 3)** Anyone who is sick is prohibited from entering the building. Anyone who has not been vaccinated and who has been in recent close contact with someone who tested positive for the Covid-19 virus is prohibited from entering the building.
- 4)** Until vaccines are made available to children under the age of 12, we require players and spectators aged 11 and under to wear a mask.  
**4A)** All other guests, including players, coaches and spectators, who are not vaccinated and choose to not wear a mask assume all risks associated with the potential spread of the Covid.

Enforcement - The requirement to wear a mask if unvaccinated shall be enforced by your own set of ethics and morals. We ask that all guests do the right thing to help promote the health and safety of all other guests. At the same time we encourage all guests to protect themselves and to use caution.

We thank you for your anticipated cooperation.
