6U Program Details (boys/girls)>> Uniquely focused towards building the fundamentals of basketball and embracing the true enjoyment of the sport, our 6U program will be offered in a clinic style format. **The registration list will be capped at 20 kids and most likely broken into 2 sessions of 10 players each. The cost for our 6U Program this coming year will be a non-refundable \$120 to secure your spot.** This is solid reduction from our full price \$180 registration fee for the prior 2019-20 season. We are tentatively scheduled to run our clinic at Velocity Sports Performance @ 10345 Nations Ford Rd on Saturday mornings. Other viable site locations are under consideration. Our coaches will emphasize the concepts of dribbling, good shooting technique, passing, rebounding and defense. Informal scrimmages will occur over the 8 week timeframe. This Program is always a great deal of fun for kids who are just getting introduced to the game of basketball.

Further questions can get directed to the Commissioner via email (basketball@parksharonsports.com).

8U Program Details (boys/girls)>> We intend to offer a 4 team League this season with each roster holding 8 players (league capacity capped at 32 players). Depending upon finalized facilities space and specific practice times (TBD), a 5th team may be considered; a Waitlist will be kept for any interested players who were unable to secure one of the 32 spots by the deadline. Teams in this age level will get formed after an evaluation session is conducted (projected Dec 12th); a fully complete registration with payment (or a PSAA approved scholarship) must be in place to confirm final registration.

The cost for our 8U Program this coming year will be a non-refundable \$165 to secure your spot. This is solid reduction from our full price \$240 registration fee for the prior 2019-20 season.

Team practices (1x/week) are expected to be held at Pineville Church of the Nazarene (8614 Pineville-Matthews Rd) on Monday, Tuesday or Thursday evenings starting the week of Jan4th and run thru approximately Sat March 13th. Sanctioned games are targeted for Saturdays (b/w 8am-4pm) at the same site. All dates/times & locations are subject to change based upon any modified COVID restrictions, winter weather complications or other factors out of the direct control of the PSAA Board of Directors. An end of season tournament is anticipated.
