Training and Technical Assistance Costs

To achieve program goals and objectives, evidence-based programs need to be implemented as designed. This is what is referred to as *implementation fidelity*. Our [Training and TA Framework](#) is strategically designed to support your success from start-up to implementation, evaluation and reporting to ongoing program sustainability.

Training			
FOUNDATIONAL	Facilitator Training Series	<i>Purchase required Curriculum Kit separately. Includes full access to the Learning Platform, Community, Media Library and all Facilitator Resources for a full year.</i>	\$1500
	Coordinator Training	<i>Facilitator Training Certificate required.</i>	\$800
	Family Engagement	<i>Includes all Materials.</i>	\$500
ANNUAL	Re-certification (Pro-Facilitator License)	<i>Facilitator Training Certificate required. Includes full access to the Learning Platform, and Resources for an additional year.</i>	\$500

As always, we are dedicated to offering free TA (via email/phone) for the year following your [Facilitator Training Series](#). Throughout the life of your grant or implementation plan, however, your support needs will evolve. Using a variety of delivery methods, and individualized for the needs of your site, our TA and Program Support Services evolve with you.

Required Materials

Facilitator Materials

The ***RY Curriculum Set*** and ***CAST Curriculum Kit*** are required at the Facilitator Training. Note that the CAST Kit comes in either a *Full Print Kit* format and as an *Essentials + Digital Kit* (with some in-house printing required). Both Curricula were updated in 2020 and now come with digital and printed resources to aid in program delivery in any setting: virtual, in-person or blended. A new curriculum purchase also includes access to an online pre/post survey, to measure and share your students' growth.

Student Materials

Each new youth participant needs their own ***RY Student Workbook*** or ***CAST Student Notebook***, as they are consumable and often important for program graduates to keep to remember the skills and support gained in group. Please budget for 12 students per RY class and 8 students per CAST group.

Our **paperback** student materials are sold individually. For those who prefer a **digital** option, both the *RY Student Workbook* and the *CAST Student Notebook* are available in a downloadable and fillable format, providing an environmentally-friendly and cost-saving option for larger implementation sites. Digital Licenses are sold in 1-year lengths, with discounts for purchasing multiple years at once.
