

VALOR VOLLEYBALL CLUB OVERVIEW

Valor Volleyball was founded by Marine veteran Jeff Dobert who understands the need to work together to achieve common and personal goals. He understands that strength of mind and body are essential to confidence. Also that without the confidence to make mistakes, learning and improvement stops. He understands that without the courage to fight through pain and failure, success can be elusive. Creating an atmosphere where athletes can gain strength, confidence and fortitude will not only make better athletes but better people. We are excited to help our athletes grow stronger, gain confidence and develop the fortitude needed to face any situation with poise under pressure."

Valor Volleyball Club was established in 2020 for the purpose of providing young athletes a fun and safe place to train and learn the outstanding sport of volleyball. It is our belief that focus, effort and understanding not only pave the way to becoming better athletes but also better people. To us, this is more than a business, it's creating lifelong friendships and giving back to the community to help make the world a better place.

Mission Statement Our mission is simply to provide training and competition opportunities for young athletes in a small cohesive atmosphere. To give all of our athletes the tools and confidence needed to improve their overall technique, understanding and love for the game. To provide individual skill development while encouraging dedication to purpose, love for their team and respect for their opponents.
