

Valor Volleyball Club Private Lesson Statement

Participation in private lessons with Valor Volleyball Club staff is optional but also a great opportunity to develop new or accelerate your current volleyball skills. Lessons, should not be viewed as a necessity or as the only effective way to achieve success on the court.

Receiving private lessons from Valor staff will not affect tournament position or play time. They should however help improve volleyball skill and understanding which will help earn more court time. Lessons are NOT used as an evaluation tool for tryouts or in the team selection process. Any questions or concerns regarding our private lesson policies can reach out to valorvolleyballinfo@gmail.com.
